—Judge Green of DeSoto held court here last week and Judge Fox held court at Hillsboro, Jefferson county. No need to expect success without advertising."

—Prof. E. R. Graham has great faith in the success of the Mayfield-Smith Academy. The Prof. is a business man and is conducting the Academy on first-class business principles, and there is every reason to believe that, under his management, this school will become one among the best (if not the best) of its grade in the State. New scholars continue to come, and no one need be surprised if the school closes this year's work with an enrollment of 150, or more.

—The balloon ascension and parachute "leap" at Lutesville Saturday was of more than ordinary interest, being the first of the kind in this county. At about 4 o'clock p. m. all was ready, the word was given and the inflated mammoth canvas bag darted skyward, carrying with it Prof. Russell. When at a height of about 1,000 feet the parachute was detached from the balloon and Prof. Russell slowly descended to terra firma, alighting safely about one quarter of a mile from where he started.
